Case History (Please email full case history, if possible, to transitionvetphysio@outlook.com)

Current Diagnosis/Ailment;
Investigations/Findings;
Pre-existing Conditions;
Current Medication;

Do you the Veterinarian request any specific requirements during physiotherapy treatment? (treatment modalities, techniques or patient requirements)

Declaration

This animal is under my professional veterinary care and has received a full medical health check and examination. It is my opinion that this animal is declared able to undergo veterinary physiotherapy treatment and remedial exercise. I therefore authorise veterinary physiotherapy and/or remedial exercise for this animal, to be carried out by Transition Veterinary Physiotherapy.

Signed;	Date;
	Print;

Transition Veterinary Physiotherapy will keep regular contact and updates, completing vet reports after each initial consultation, and updating the veterinary practice with any changes that occur during the treatment programme. Issuing a final report on discharge.
